

career objectives

I'm looking for a position where I can have new challenges, use and improve my design skills, and contribute with my background in interface design for a global company where I can leverage my career.

education

1999 - 2003 **Bachelor's Degree in Visual Communication**
Universidade Federal de Santa Catarina - Florianópolis - SC - Brazil

1996 - 1998 **Control and Automation Engineering**
(incomplete) Universidade Federal de Santa Catarina - Florianópolis - SC - Brazil

work experience

2002 - 2008 **Design Manager**
Binario Internet
www.binariointernet.com.br
Highest position in company's structure, I managed the design team being responsible for hiring, as well as the graphic projects' conceptualization and organization, invoicing, deadlines and quality of provided services. I was responsible for the company's intranet project, which is integrated to a project management tool that allows real-time control and tracking of projects.

2000 - 2002 **Scientific Initiation Researcher for National Council for Scientific and Technological Development (CNPq)**
Hypermedia Lab (Hiperlab) - UFSC
Research for the project *Virtual Learning Environments for Architecture and Design (AVA-AD)*. Website visual identity, interface design, image digital treatment and animation development. Development of visual identity, folder, poster, banners, signing and certificate for an international conference on architecture.

1999 - 2000 **Digital Designer**
Image Color (Revelarte)
Digital image retouching, photomontage, diverse card layouts. Operation of digital film printer Polaroid ProPalette8000. Logo and printed material development for the company.

1999 **Graphic Design Assistant**
D3 Design
Cards and folders design and production.
